🚀 Innovating at the Speed of AI

While you finish up your degree, we're busy building the optical fabric of AI. At our recent **Industry Analyst Day 2025**, we showcased how Marvell technology is powering accelerated computing and how Marvell's **\$5.5 Billion** acquisition of Celestial AI fits into our roadmap. Hear from Marvell's **Chris Koopmans** and **Sandeep Bharathi**.

Chris Koopmans
President and Chief Operating Officer

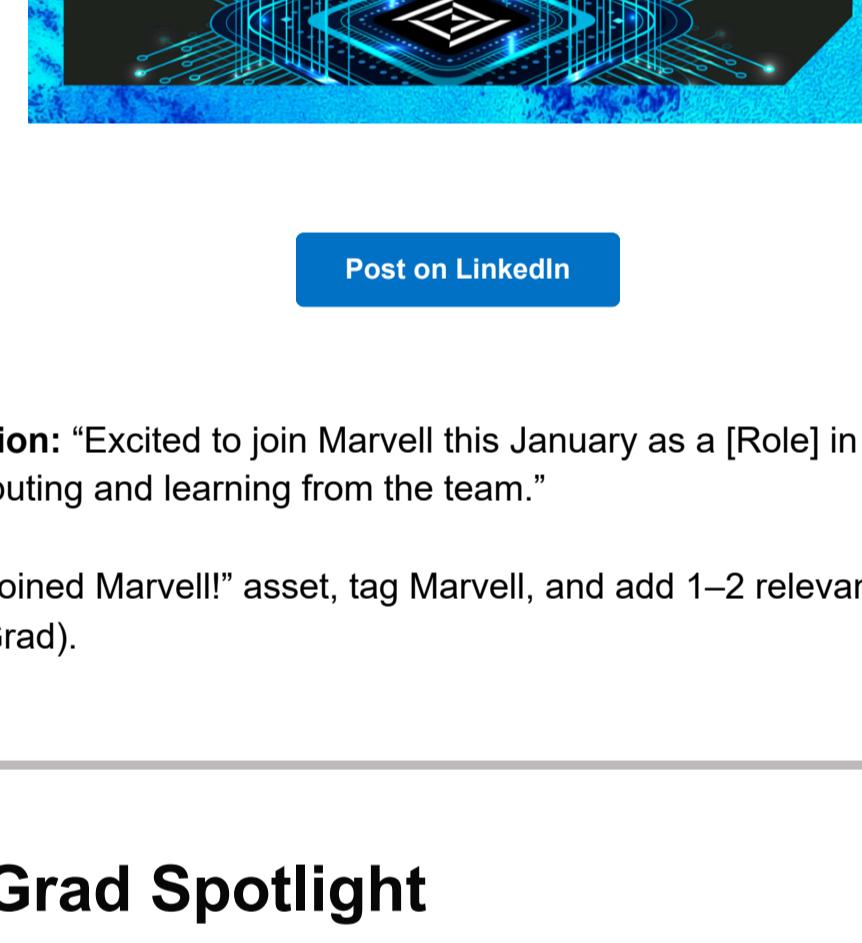

Sandeep Bharathi
President, Data Center Group

You've signed the offer. Now let your network know, we've created custom graphics for new grads which you can find below!

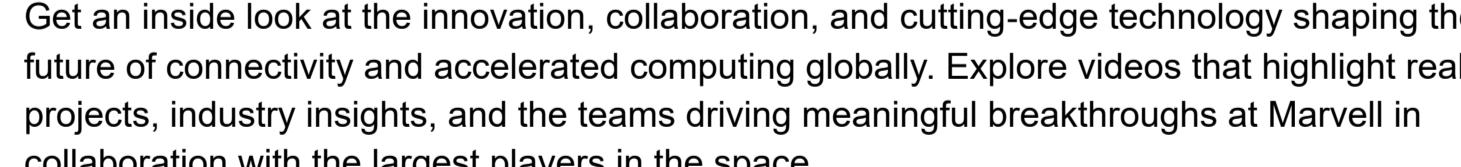

[Post on LinkedIn](#)

Suggested caption: "Excited to join Marvell this January as a [Role] in [City/Site]! Looking forward to contributing and learning from the team."

Tips: Use the "I joined Marvell!" asset, tag Marvell, and add 1–2 relevant hashtags (e.g., #Marvell #New Grad).

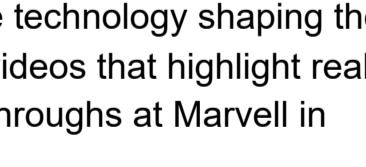

⭐ New Grad Spotlight

Get inspired by the journey of one of our recent new grads, **Skanda R. Naidu** from Bangalore. Each month, we spotlight a graduate who has turned their academic experience into real-world impact here at Marvell. Discover how they're growing, what challenges they're tackling, and the difference they're already making.

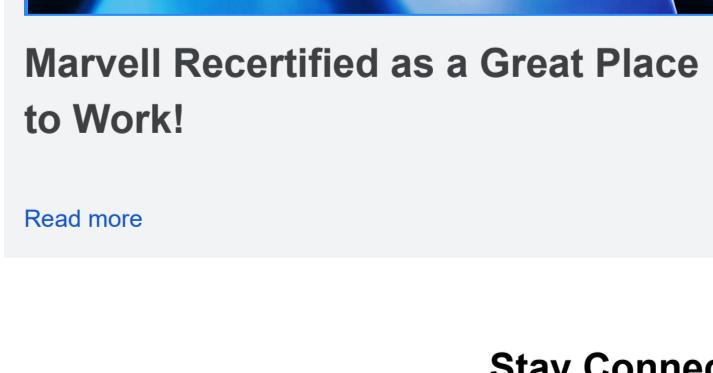

LEARNING
“It gave me the opportunity to dive deep into the world of Physical Design (PD) and significantly sharpen my technical skills through real-time, hands-on learning.”

SKANDA R NAIDU
Senior Physical Design Engineer, Bangalore
